### Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

| S.No | Team Member Name          | Role in Demo            | Section Presented                                        | Contribution Summary                                                                                                                                        | Participation (Active / Passive) |
|------|---------------------------|-------------------------|----------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------|
| 1    | <b>Madithati Induja</b>   | Team Leader & Presenter | Project Introduction, Live Demo, Results & Conclusion    | Developed the machine learning model, integrated the Flask application, performed deployment, testing, documentation, and presented the live demonstration. | <b>Active</b>                    |
| 2    | <b>Mallepula Namratha</b> | Technical Presenter     | Dataset, Data Preprocessing, Model Training & Evaluation | Assisted in data preprocessing, feature engineering, model evaluation, documentation, and explained the machine learning workflow.                          | <b>Active</b>                    |
| 3    | <b>Kanagala Rajesh</b>    | Architecture Presenter  | System Architecture, DFD                                 | Prepared architecture diagrams, documentation, presentation slides                                                                                          | <b>Active</b>                    |
| 4    | <b>Jatoth Muni Naik</b>   | Documentation Presenter | Technology Stack & Future Scope                          | explained the system design and future enhancements.                                                                                                        | <b>Active</b>                    |

### Team Coordination Notes:

| Aspect                                 | Details                                                                                                                |
|----------------------------------------|------------------------------------------------------------------------------------------------------------------------|
| Team Leader / Coordinator              | <b>Madithati Induja</b>                                                                                                |
| Overall Team Coordination Rating (1-5) | 5                                                                                                                      |
| Any issues during demo                 | Minor issues such as deployment/network connectivity and a few questions regarding model predictions were encountered. |

|                          |                                                                                                                                                                                 |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| How issues were resolved | The team demonstrated the application using the local Flask server, explained the Random Forest model and evaluation metrics clearly, and answered all queries collaboratively. |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
